Why attend?

In an industry where each season can redefine the course of business, the **Global Cherry Summit 2026**, in its **seventh edition**, will once again provide a **pivotal day for making informed decisions** based on reliable, up-to-date information — building on the success of the **2025 edition**, which brought together **more than 1,800 attendees and 90 sponsoring companies**.

The event will continue to provide **access to real-time market analysis, insights into consumption trends, evaluation of effective commercial strategies, and a deeper understanding of the logistical shifts** that directly impact competitiveness. It remains the key **meeting point for decision-makers: exporters, importers, retailers, suppliers, and global industry leaders**.

“ If you're in the cherry business, this is where the future of the industry is shaped! ”
